Board of Trustees
Morris Essex Insurance Group
Westwood, New Jersey

Dear Board of Trustees:

The Comprehensive Annual Financial Report ("CAFR") of the Morris Essex Insurance Group (the "Pool") for the fiscal year ended June 30, 2014 is hereby respectfully submitted. Responsibility for the accuracy of the presented data and the completeness and fairness of the presentation, including all disclosures, rests with the Pool. We believe the data, as presented, is accurate in all material respects; that it is presented in a manner designed to fairly set forth the basic financial statement and results of the operations of the Pool as measured by the financial activity of its various membership years; and that all disclosures necessary to enable the reader to gain the maximum understanding of the Pool's financial affairs have been included.

The CAFR is presented in three sections: introductory, financial and statistical. The introductory section contains this transmittal letter, a list of the Pool's members, a list of the Pool's officers and an organizational chart. The financial section includes the Independent Auditors' Report, the management's discussion and analysis, the basic financial statements and notes providing an overview of the Pool's financial position and operating results and supplementary schedules. State schedules are provided pursuant to the specifications of the New Jersey Department of Banking and Insurance, which along with the Department of Community Affairs, exercises regulatory control over the Pool. The statistical section includes selected data covering the last ten years that the Pool has been operational.

The Pool was formed under State statutes which authorize local government entities to pool resources to obtain low-cost insurance coverage. Specifically, the Pool is a public entity risk sharing pool in which school districts have joined together to administer a program of self funding and reinsurance to provide protection to members primarily in the area of workers' compensation coverage. Activities performed by the Pool include contracting for claims management, actuarial services, financial management and reporting, and general administration of the entity.

Financial Management and Control

The financial statements have been prepared in conformity with accounting principles generally accepted in the United States of America and necessarily include amounts based upon reliable estimates and judgments. The Pool's books are maintained on a full accrual basis. A summary of significant accounting policies is discussed in more detail in the notes to the financial statements found in the financial section.

Internal Control Structure

The Pool's accounting system is organized so that each membership year, and line of coverage within each year, can be evaluated separately. The assets, liabilities, revenue and expenses of each year and line of coverage are maintained separately on a full accrual basis. This practice is necessary because the composition of the Pool's membership could vary from year to year.

The Pool's management is responsible for establishing and maintaining an internal control structure designed to ensure that assets are protected from loss, theft, or misuse and to ensure that adequate accounting data is compiled to allow for the preparation of financial statements in conformity with accounting principles generally accepted in the United States of America. Internal accounting controls are designed to provide reasonable assurance that these objectives are being met. The concept of reasonable assurance recognizes that the cost of a control should not exceed the benefits likely to be derived and that the evaluation of costs and benefits requires estimates and judgments by management. All internal control decisions are made within the above framework. Management believes that the Pool's internal accounting controls adequately safeguard assets and provide reasonable assurance of proper recording of financial transactions.

Investment Management

Pool investments are made in accordance with the Local Fiscal Affairs Law and the Pool's Cash and Investment Management Plan. Investments for the year were limited to deposits in banks covered by the Governmental Unit Depository Protection Act, money market accounts and treasury bills invested in MBIA and deposits in the New Jersey Cash Management Fund, which is administered by the State of New Jersey's Division of Investments for the Pool. In planning and executing investments, the Pool emphasizes liquidity and safety. After these objectives are met, the Pool seeks to optimize investment income.

Independent Audit

Nisivoccia LLP, independent accountants, provides an independent, objective review of the fairness of the Pool's reported financial position and results of operations. Their audit includes procedures they deem necessary to express an opinion as to the fairness of the financial statements. Their independent auditors' report is included in the financial section of this report.

Acknowledgments

Our sincere appreciation is expressed to the members of the Pool's Board of Trustees for the leadership they provided in the Pool's financial reporting.

Respectfully submitted,

Report on the Financial Statements

We have audited the accompanying financial statements of the Morris Essex Insurance Group (the "Pool") as of and for the fiscal years ended June 30, 2014 and 2013, and the related notes to the financial statements, which collectively comprise the Pool's basic financial statements as listed in the table of contents.

Management's Responsibility for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America; this includes the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

Auditor's Responsibility

Our responsibility is to express opinions on these financial statements based on our audits. We conducted our audits in accordance with auditing standards generally accepted in the United States of America, audit requirements prescribed by the Division of Local Government Services, Department of Community Affairs, State of New Jersey, and the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free from material misstatement.

An audit involves performing procedures to obtain audit evidence about the amounts and disclosures in the financial statements. The procedures selected depend on the auditor's judgment, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error. In making those risk assessments, the auditor considers internal control relevant to the entity's preparation and fair presentation of the financial statements in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the entity's internal control. Accordingly, we express no such opinion. An audit also includes evaluating the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluating the overall presentation of the financial statements.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinions.

Board of Trustees

Basis for Qualified Opinions

As permitted by the Departments of Community Affairs and Banking and Insurance, State of New Jersey, we did not extend our audit to the reserves and underlying actuarial assumptions for Incurred But Not Reported ("IBNR") reserve amounts, since they are prepared by the Pool's actuary.

Qualified Opinions

In our opinion, except for the effects of the matter described in the *Basis for Qualified Opinions* paragraph, the financial statements referred to above present fairly, in all material respects, the financial position of the Pool as of June 30, 2014 and 2013, and the changes in financial position and cash flows thereof for the fiscal years then ended in accordance with accounting principles generally accepted in the United States of America.

Other Matters

Required Supplementary Information

Accounting principles generally accepted in the United States of America require that the Management's Discussion and Analysis and the accompanying Comparative Reconciliation of Claims Liabilities by Fund and Ten-Year Claims Development Information Schedules be presented to supplement the basic financial statements. Such information, although not a part of the basic financial statements, is required by the Governmental Accounting Standards Board who considers it to be an essential part of financial reporting for placing the basic financial statements in an appropriate operational, economic, or historical context. We have applied certain limited procedures to the required supplementary information in accordance with auditing standards generally accepted in the United States of America, which consisted of inquiries of management about the methods of preparing the information and comparing the information for consistency with management's responses to our inquiries, the basic financial statements, and other knowledge we obtained during our audit of the basic financial statements. We do not express an opinion or provide any assurance on the information because the limited procedures do not provide us with sufficient evidence to express an opinion or provide any assurance.

Supplementary and Other Information

Our audit was conducted for the purpose of forming opinions on the financial statements that collectively comprise the Pool's basic financial statements. The introductory section, supplementary data, and statistical section are presented for purposes of additional analysis and are not a required part of the basic financial statements.

The introductory section, supplementary data, and statistical section have not been subjected to the auditing procedures applied in the audit of the basic financial statements, and accordingly, we do not express an opinion or provide any assurance on it.

Other Reporting Required by Government Auditing Standards

In accordance with *Government Auditing Standards*, we have also issued our report dated November 5, 2014 on our consideration of the Pool's internal control over financial reporting and on our tests of its compliance with certain provisions of laws, regulations, contracts, and grant agreements and other matters. The purpose of that report is to describe the scope of our testing of internal control over financial reporting and compliance and the results of that testing, and not to provide an opinion on internal control over financial reporting or on compliance. That report is an integral part of an audit performed in accordance with *Government Auditing Standards* in considering the Pool's internal control over financial reporting and compliance.

Management's Discussion and Analysis
(Unaudited)

This section of the annual financial report of the Pool presents a discussion and analysis of the financial performance of the Pool for the fiscal years ended June 30, 2014 and June 30, 2013. Please read it in conjunction with the basic financial statements, the notes, and supplementary schedules that follow this section.

Overview of Basic Financial Statements

The Pool's basic financial statements are prepared on the basis of accounting principles generally accepted in the United States of America for governmental entities and insurance enterprises where applicable. The primary purpose of the Pool is to administer a program of self funding and reinsurance to provide protection to members primarily in the area of workers' compensation coverage. The Pool internally maintains separate enterprise funds by incurred years and line of coverage. The basic financial statements are presented on an accrual basis of accounting. The three basic financial statements presented are as follows:

Statement of Net Position – This statement presents information reflecting the Pool's assets, liabilities, deferred outflows and inflows of resources, and net position. Net position represents the amount of total assets and deferred outflows of resources less total liabilities and deferred inflows of resources.

Statement of Revenue, Expenses, and Changes in Net Position – This statement reflects the Pool's operating revenues and expenses, as well as non-operating items during the reporting period. The change in net position for an enterprise fund is similar to net profit or loss for any other insurance company.

Statement of Cash Flows – The statement of cash flows is presented on the direct method of reporting, which reflects cash flows from operating, investing and non-capital financing activities. Cash collections and payments are reflected in this statement to arrive at the net increase or decrease in cash and cash equivalents for the fiscal year.

Financial Highlights

The following tables summarize the financial position and results of operations for the Pool as of and for the fiscal years ended June 30, 2014, 2013 and 2012.

Net Position increased primarily due to a decrease in loss reserves related to several old cases closed out during the current year.

Economic Conditions

The Pool will continue to monitor its claims and work with its members via the safety program to minimize the number and severity of claims.

Contacting the Pool's Financial Management

This financial report is designed to provide the Pool's members, oversight entities and creditors with a general overview of the Pool's finances and to demonstrate the Pool's accountability for the money it receives. MORRIS ESSEX INSURANCE GROUP
NOTES TO FINANCIAL STATEMENTS
JUNE 30, 2014

NOTE 1: NATURE OF OPERATIONS

The Morris Essex Insurance Group (the "Pool") was created on February 9, 1984, in accordance with P.L. 1983, C.1372, entitled "An act concerning joint insurance funds for local units of government, and supplementing Chapter 18B of Title 18A of the New Jersey statutes." The Pool is both an insured and self-administered workers' compensation liability pool established for the purpose of providing low-cost insurance coverage for the member school districts. At June 30, 2014, the Pool had 18 members.

The Board of Trustees or the participating school districts may amend or terminate the Pool by a two-thirds vote. Upon termination, the Pool shall pay to the participants all benefits and net position they are entitled to receive except for an amount set aside as a "Termination Reserve Fund". After all claims are satisfied, the remaining funds will also be distributed to the participants. Any New Jersey school board may apply in writing for membership provided it agrees to comply with the standards for membership as established by the Pool. A member may terminate participation in the Pool upon giving thirty days written notice to the Trustees or Administrator, however, the member shall remain liable for any unpaid assessments which shall have accrued prior to its termination.

Pool members are subject to supplemental assessments in the event of deficiencies. If the assets of the Pool were to be exhausted, members would be responsible for the Pool's liabilities. The Pool considers anticipated investment income when determining if a deficiency exists.

The Executive Director/Administrator is responsible for the overall administration of the Pool. Fees paid to the Executive Director encompass all administrative duties. Accordingly, the Pool does not maintain any fixed assets or incur any payroll expense.

NOTE 2: SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

The Governmental Accounting Standards Board (GASB) is the accepted standard-setting body for establishing government accounting and financial reporting principles. The more significant of the Pool's accounting policies are described below.

Reporting Entity

Governmental Accounting Standards Board publication, Codification of Governmental Accounting and Financial Reporting Standards, Section 2100, "Defining the Financial Reporting Entity" establishes standards to determine whether a governmental component unit should be included in the financial reporting entity. The basic criterion for inclusion or exclusion from the financial reporting entity is the exercise of oversight responsibility over agencies, boards and commissions by the primary government. The exercise of oversight responsibility includes financial interdependency and a resulting financial benefit or burden relationship, selection of governing authority, designation of management, ability to significantly influence operations, and accountability for fiscal matters. In addition, certain legally separate, tax-exempt entities that meet specific criteria (i.e. benefit of economic resources, access/entitlement to economic resources, and significance) should be included in the financial reporting entity. The combined financial statements include all funds of the Pool over which the Pool exercises operating control. There were no additional entities required to be included in the reporting entity under the criteria as described above, in the current fiscal year. Furthermore, the Pool is not includable in any other reporting entity on the basis of such criteria.

NOTE 2: SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Cont'd)

Basis of Accounting

The Pool utilizes the accrual basis of accounting whereby revenue is recorded as earned and expenses are reflected as the liability is incurred. The Pool utilizes total economic resources as their measurement focus. Operating revenue, such as charges for services, result from exchange transactions associated with the principal activity of the Pool. Exchange transactions are those in which each party receives and gives up essentially equal value. Nonoperating revenue, such as subsidies and investment earnings, results from nonexchange transactions or ancillary activities. Nonexchange transactions, in which the Pool gives or receives value without directly receiving or giving equal value in exchange, generally do not occur, with the exception of investment earnings.

Investments

Effective January 1, 1999, the Pool adopted GASB No.31, "Accounting and Financial Reporting For Certain Investments and for External Investment Pools". This statement requires the Pool to record certain investments at fair value and record the unrealized gains and losses as a part of investment income.

Income Taxes

The Pool is a tax-exempt organization and not subject to either federal or state income taxes.

Assessments

The assessments of the participating school districts are determined and certified by the Trustees with assistance from the Pool's actuary.

The by-laws also provide that should the Trustees find the payments received by the Pool are deficient, based on an opinion from the Pool's Administrator, additional assessments may be levied.

Unpaid Claims Liabilities

The Pool establishes claims liabilities based on estimates of the ultimate cost of claims that have been reported but not settled, and of claims that have been incurred but not reported. The length of time for which such costs must be estimated varies depending on the coverage involved. Estimated amounts of salvage and subrogation and reinsurance recoverable on unpaid claims are deducted from the liability for unpaid claims. Because actual claims costs depend on such complex factors as inflation, changes in doctrines of legal liability, and damage awards, the process used in computing claims liabilities does not necessarily result in an exact amount, particularly for coverages such as workers compensation. Claims liabilities are recomputed periodically using a variety of actuarial

Unpaid Claims Liabilities (Cont'd)

and statistical techniques to produce current estimates that reflect recent settlements, claim frequency, and other economic and social factors. A provision for inflation in the calculation of estimated future claims costs is implicit in the calculation because reliance is placed both on actual historical data that reflect past inflation and on other factors that are considered to be appropriate modifiers of past experience. The Pool does not discount estimated claim liabilities. Adjustments to claims liabilities are charged or credited to expense in the periods in which they are made. Amounts shown as negative loss reserves in Note 3, if any, represent payments to the claims servicing agent in excess of claims paid and case reserves on the Pool's loss runs. These amounts, if any, are shown on the balance sheet as accounts receivable.

In accordance with practices prescribed or permitted by the Departments of Community Affairs and Banking and Insurance, State of New Jersey, the audit procedures were not extended to the underlying actuarial assumptions for Incurred But Not Reported (IBNR) Reserve amounts since they are prepared by the Pool's Actuary.

Reinsurance

The Pool uses reinsurance agreements to reduce its exposure to large losses on certain types of insured events. Reinsurance permits recovery of a portion of losses from reinsurers, although it does not discharge the primary liability of the Pool as direct insurer of the risks reinsured. The Pool does not report reinsured risks as liabilities unless it is probable that those risks will not be covered by reinsurers. Reinsurance premiums amounted to \$233,550 and \$232,584 for the years ended June 30, 2014 and 2013, respectively. The amount deducted from claims liabilities for reinsurance was \$312,288 and \$307,589 for the years ended June 30, 2014 and 2013, respectively.

Management Estimates

The preparation of financial statements in conformity with GAAP requires management to make estimates and assumptions that affect the reported amounts of revenue and expenses during the reporting period. Actual results could differ from those estimates.

NOTE 3: LOSS RESERVES

The liability for unpaid losses and loss adjustment expenses represents an estimate of the ultimate net cost of all losses and loss adjustment expenses incurred but not yet paid as of June 30, 2014. This estimate is based on the estimated ultimate cost of settling the claims considering the historical experience of the Pool, various other industry statistics, including the effects of inflation and other societal or economic factors, and the Pool's self-insured retention level. Management believes that the liability for unpaid losses is adequate to cover the ultimate cost of reported and unreported claims incurred but not yet paid. However, the ultimate cost may be more or less than the estimated liability. The unpaid losses are stated net of any recoveries from excess-loss insurance.

NOTE 3: LOSS RESERVES (Cont'd)

The Pool has created a loss reserve for any reported and potential unreported losses which have taken place but in which the Pool has not received notices or reports of losses. Loss reserves, at June 30, 2014 and 2013, which have been estimated by the Pool's Actuary and Servicing Agent, are as follows:

	<u>2014</u>	<u>2013</u>
Case Reserves	\$ 1,125,578	\$ 1,578,968
Losses Incurred but not Reported (Unaudited)	<u>2,009,306</u>	<u>2,245,750</u>
Total Loss Reserves	<u>\$ 3,134,884</u>	<u>\$ 3,824,718</u>

The following represents changes in the aggregate reserves for the Fund:

	<u>2014</u>	<u>2013</u>
Unpaid Claims and Claim Adjustment Expenses, Beginning of Year	<u>\$ 3,824,718</u>	<u>\$ 3,795,186</u>
Incurred Claims and Claim Adjustment Expenses:		
Provision for Insured Events of the Current Period	900,000	1,100,001
(Decrease)/Increase in Provision for Insured Events of Prior Years	<u>(810,998)</u>	<u>(346,662)</u>
Total Incurred Claims and Claim Adjustment Expenses	<u>89,002</u>	<u>753,339</u>
Payments:		
Claims and Claim Adjustment Expenses Attributable to Insured Events of the Current Period	243,363	189,762
Claims and Claim Adjustment Expenses Attributable to Insured Events of Prior Years	<u>535,473</u>	<u>534,045</u>
Total Payments	<u>778,836</u>	<u>723,807</u>
Total Unpaid Claims and Claim Adjustment Expenses, End of Year	<u>\$ 3,134,884</u>	<u>\$ 3,824,718</u>

A contingent liability exists with respect to reinsurance coverage which would become an actual liability in the event the reinsuring company might be unable to meet its obligations to the Pool under existing reinsurance agreements.

NOTE 4: CASH AND CASH EQUIVALENTS AND INVESTMENTS

Cash and cash equivalents include petty cash, change funds, amounts in deposits, and short-term investments with original maturities of three months or less.

GASB Statement No. 40, *Governmental Accounting Standards Board Deposit and Investment Risk* requires disclosure of the level of custodial credit risk assumed by the Pool in its cash, cash equivalents and investments, if those items are uninsured or unregistered. Custodial credit risk is the risk that in the event of a bank failure, the government's deposits may not be returned.

Interest Rate Risk - In accordance with its cash management plan, the Pool ensures that any deposit or investment matures within the time period that approximates the prospective need for the funds, deposited or invested, so that there is not a risk to the market value of such deposits or investments.

Credit Risk - The Pool limits its investments to those authorized in its cash management plan which are those permitted under state statute as detailed below.

Deposits:

New Jersey statutes requires that the Pool deposit public funds in public depositories located in New Jersey which are insured by the Federal Deposit Insurance Corporation, the Federal Savings and Loan Insurance Corporation, or by any other agency of the United States that insures deposits made in public depositories. The Pool is also permitted to deposit public funds in the State of New Jersey Cash Management Fund.

New Jersey statutes require public depositories to maintain collateral for deposits of public funds that exceed depository insurance limits as follows:

The market value of the collateral must equal at least 5% of the average daily balance of collected public funds on deposit, and

In addition to the above collateral requirement, if the public funds deposited exceed 75% of the capital funds of the depository, the depository must provide collateral having a market value at least equal to 100% of the amount exceeding 75%.

All collateral must be deposited with the Federal Reserve Bank, the Federal Home Loan Bank or a banking institution that is a member of the Federal Reserve System and has capital funds of not less than \$25,000,000.

Investments:

New Jersey statutes permit the Pool to purchase the following types of securities:

- (1) Bonds or other obligations of the United States of America or obligations guaranteed by the United States of America;
- (2) Government money market mutual funds;

NOTE 4: CASH AND CASH EQUIVALENTS AND INVESTMENTS (Cont'd)

Investments (Cont'd):

- (3) Any obligation that a federal agency or a federal instrumentality has issued in accordance with an act of Congress, which security has a maturity date not greater than 397 days from the date of purchase, provided that such obligation bears a fixed rate of interest not dependent on any index or other external factor;
- (4) Bonds or other obligations of local units or bonds or other obligations of school districts of which the local units are part or within which the school district is located;
- (5) Bonds or other obligations, having a maturity date not more than 397 days from the date of purchase, approved by the Division of Investment of the Department of the Treasury for investment by local units;
- (6) Local government investment pools;
- (7) Deposits with the State of New Jersey Cash Management Fund; or
- (8) Agreements for the repurchase of fully collateralized securities if:
 - (a) the underlying securities are permitted investments pursuant to paragraphs (1) and (3) above;
 - (b) the custody of collateral is transferred to a third party;
 - (c) the maturity of the agreement is not more than 30 days;
 - (d) the underlying securities are purchased through a public depository as defined in statute; and
 - (e) a master repurchase agreement providing for the custody and security of collateral is executed.
- (9) Debt obligations of federal agencies or government corporations with maturities not to exceed 10 years from the date of purchase, excluding mortgage backed or derivative obligations, provided that the investments are purchased through the State Division of Investment and are invested consistent with the rules and regulations of the State Investment Council.

As of June 30, 2014 and 2013, cash and cash equivalents of the Morris Essex Insurance Group consisted of the following:

	<u>2014</u>	<u>2013</u>
Checking	\$ 8,529,844	\$ 8,158,962
New Jersey Cash Management	<u>70,129</u>	<u>70,091</u>
	<u>\$ 8,599,973</u>	<u>\$ 8,229,053</u>

The carrying amount of the Pool's cash at June 30, 2014 was \$8,599,973 and the bank balance was \$9,143,015. The carrying amount of the Pool's cash at June 30, 2013 was \$8,229,053 and the bank balance was \$8,541,679. The New Jersey Cash Management funds are unregistered and uninsured.

NOTE 5: NET POSITION

The State of New Jersey has no statutory minimum net position requirements. The Pool has individual accumulated deficits at June 30, 2014 as follows:

Fund Year 1986 - Worker's Compensation	\$ 1,148
Fund Year 2004 - Worker's Compensation	25,100
Fund Year 2014 - General and Administrative	69,675

The Pool has no current plans to assess the membership to eliminate this deficit.

NOTE 6: CONTINGENT LIABILITIES

In the normal course of its operations, the Pool has a number of lawsuits filed by claimants in various stages. Although estimated loss reserves have been established by the Pool, a number of these cases may possibly be settled for amounts in excess of the Pool's loss reserves. No provision for these contingencies has been included in the financial statements since the amounts are not reasonably estimable.

NOTE 7: RELATIONSHIP WITH STATE SCHEDULES

The information in the Pool's financial statements differs from the State Schedules listed in the supplementary data section as Schedules A through F. Specifically, these unaudited Schedules present historical information from the inception of each fund year.

Report on Internal Control Over Financial Reporting and on Compliance and Other Matters Based
 on an Audit of Financial Statements Performed in Accordance with *Government Auditing Standards*

Independent Auditors' Report

Board of Trustees
 Morris Essex Insurance Group
 Westwood, New Jersey

We have audited, in accordance with the auditing standards generally accepted in the United States of America, audit requirements prescribed by the Division of Local Government Services, Department of Community Affairs, State of New Jersey, and the standards applicable to financial audits contained in *Government Auditing Standards* issued by the Comptroller General of the United States, the financial statements of the Morris Essex Insurance Group (the "Pool") as of and for the fiscal years ended June 30, 2014 and 2013, and the related notes to the financial statements, which collectively comprise the Fund's basic financial statements, and have issued our report thereon dated November 5, 2014.

Internal Control Over Financial Reporting

In planning and performing our audit of the financial statements, we considered the Pool's internal control over financial reporting to determine the audit procedures that are appropriate in the circumstances for the purpose of expressing our opinions on the financial statements, but not for the purpose of expressing an opinion on the effectiveness of the Pool's internal control. Accordingly, we do not express an opinion on the effectiveness of the Fund's internal control.

A deficiency in internal control exists when the design or operation of a control does not allow management or employees, in the normal course of performing their assigned functions, to prevent, or detect and correct, misstatements on a timely basis. A *material weakness* is a deficiency, or a combination of deficiencies, in internal control, such that there is a reasonable possibility that a material misstatement of the Pool's financial statements will not be prevented, or detected and corrected on a timely basis. A *significant deficiency* is a deficiency, or a combination of deficiencies, in internal control that is less severe than a material weakness, yet important enough to merit attention by those charged with governance.

Our consideration of internal control was for the limited purpose described in the first paragraph of this section and was not designed to identify all deficiencies in internal control that might be material weaknesses or significant deficiencies. Given these limitations, during our audit we did not identify any deficiencies in internal control that we consider to be material weaknesses. However, material weaknesses may exist that have not been identified.

Board of Trustees
Morris Essex Insurance Group
Page 2

Compliance and Other Matters

As part of obtaining reasonable assurance about whether the Pool's financial statements are free from material misstatement, we performed tests of its compliance with certain provisions of laws, regulations, contracts, and grant agreements, noncompliance with which could have a direct and material effect on the determination of financial statement amounts. However, providing an opinion on compliance with those provisions was not an objective of our audit, and accordingly, we do not express such an opinion. The results of our tests disclosed no instances of noncompliance or other matters that are required to be reported under *Government Auditing Standards*.

Purpose of this Report

The purpose of this report is solely to describe the scope of our testing of internal control and compliance and the results of that testing, and not to provide an opinion on the effectiveness of the entity's internal control or on compliance. This report is an integral part of an audit performed in accordance with *Government Auditing Standards* in considering the entity's internal control and compliance. Accordingly, this communication is not suitable for any other purpose.

 (Unaudited)

During its years of existence, the Pool has incurred the following reported losses (paid claims plus case reserves from claims incurred by Pool members). The claims reflect both the impact of increase in membership, the delay in claims reaching the Pool's coverages, and the changes in the average cost per claim. These amounts do not include incurred but not reported ("IBNR") claim estimates.
